

TEACHER DEFERRED SALARY LEAVE PLAN

Background

The Superintendent believes that a program should be made available to teachers whereby they are given the opportunity to defer personal salary, without financial loss, thereby enabling teachers to take a school year leave for the purpose of travel, study in educational programming, exploration of other cultures, a change of workplace tempo, or any other suitable form of leave.

Procedure

1. Requests for Deferred Salary Leave shall be made, in writing by March 30th, to the Superintendent, or designate.
