

PARENTS, GUARDIANS, AND STUDENTS MUST USE THIS SCREENING TOOL DAILY TO DECIDE IF THE STUDENT SHOULD ATTEND SCHOOL

Does the attendee have any new onset (or worsening) of any of the following symptoms?		
• Fever	YES	NO
• Cough	YES	NO
• Shortness of breath/difficulty breathing	YES	NO
• Sore throat	YES	NO
• Chills	YES	NO
• Painful swallowing	YES	NO
• Runny nose/nasal congestion	YES	NO
• Feeling unwell/fatigued	YES	NO
• Nausea/vomiting/diarrhea	YES	NO
• Unexplained loss of appetite	YES	NO
• Loss of sense of taste or smell	YES	NO
• Muscle/joint aches	YES	NO
• Headache	YES	NO
• Conjunctivitis (commonly known as pink eye)	YES	NO

Has the attendee travelled outside of Canada in the last 14 days?	YES	NO
---	-----	----

Has the attendee had close contact* with a confirmed case of COVID-19 in the last 14 days?	YES	NO
--	-----	----

Has the attendee had close contact with a symptomatic** close contact of a confirmed case of COVID-19 in the last 14 days?	YES	NO
--	-----	----

* Face-to-face contact within 2 metres. A health care worker in a occupational setting wearing the recommended personal protective equipment is not considered to be a close contact.

** 'Ill/symptomatic' means someone with COVID-19 symptoms on the list above.

If you have answered “Yes” to any of the above questions, please DO NOT enter the school at this time. You should stay home and use the online COVID-19 Self-Assessment Tool to determine whether you need to be tested for COVID-19 and follow the isolation guidelines on the back of this checklist.

If you have answered “No” to all the above questions, you may attend school.

PRE-EXISTING CONDITIONS

- All pre-existing illness or health conditions must be reported to the school prior to the start of the 2020-2021 school year.
- If a student develops symptoms that could be caused by COVID-19 or by a known pre-existing condition (e.g., allergies, chronic cough), the student is required to not come to school until they have been tested for COVID-19 and received a negative test result.
- If the result is negative, then their normal, pre-existing symptoms would be their baseline health status. The student can attend school unless the symptoms worsen or new symptoms develop.

STUDENTS WITH SYMPTOMS

- You are legally required to isolate for a minimum of 10 days if you have a cough, fever, shortness of breath, runny nose, or sore throat that is not related to a pre-existing illness or health condition.
- You should get tested if you have any COVID-19 symptoms.
- The mandatory isolation period is 10 days from the start of symptoms, or until symptoms resolve, whichever takes longer.

TESTED POSITIVE FOR COVID-19

- You are legally required to isolate for a minimum of 10 days if you have tested positive for COVID-19.
- Isolation period is for 10 days from the start of symptoms, or until symptoms resolve, whichever takes longer.
- You will be required to show proof of a negative test result prior to returning to a school building.

HAVE SYMPTOMS BUT TESTED NEGATIVE FOR COVID-19

- If you tested negative and have known exposure to COVID-19, you are legally required to isolate for 14 days.
- If you tested negative and have no known exposure to the virus, you are not legally required to isolate. However, it is important to stay home until your symptoms resolve so that you do not transmit your illness to others.
- Unless you have a pre-existing illness or health condition, you will be required to be symptom free prior to returning to a school building.

CLOSE CONTACTS OF CONFIRMED CASES

- You are legally required to isolate for 14 days and monitor for symptoms if you are a close contact of a person who tested positive for COVID-19 (provides care, lives with or has close physical contact without appropriate use of personal protective equipment, or comes into direct contact with infectious body fluids). Contacts of close contacts do not need to isolate.
- If you become sick with cough, fever, shortness of breath, runny nose or sore throat during this time, you must isolate for an additional 10 days from the beginning of symptoms or until you are feeling well, whichever takes longer.
